Saver Model S-240 Patient Transport Chair

The Saver S-240 patient transport chair is easy to maneuver by two operators in cramped quarters. Two 127 mm (5 in.) stationary rear wheels enable operators to move the patient over most surfaces with minimal effort. Telescoping, two-position front handles allow foot-end operator to maneuver the patient without interfering with the patient's feet. Vinyl-coated nylon cover is simple to clean, resists stains, blood and body fluids. Includes three patient restraints. Optional vehicle fastener.
